

## Project Completion Fact Sheet

<b>PROJECT NAME</b>	SOLAR TUKI PROJECT IN THE CHEPANG SETTLEMENTS
<b>Location</b>	Sarling and Syamrang villages of Lothar VDC in Chitwan district
<b>Partners' name</b>	Environmental Camps for Conservation Awareness (ECCA)
<b>Start date</b>	December 2014
<b>End date</b>	March 2015
<b>Project type / technique</b>	Solar Energy
<b>No. of beneficiaries</b>	142 household and two schools
<b>Lesson learned</b>	<ul style="list-style-type: none"> <li>• It simple, risk free technology and appreciated by the children as well;</li> <li>• To distribute tulip water filter added the value in the project;</li> <li>• To establish 'a prerogative right of children' on the use of light at the household level is quite challenging. But spreading awareness helps.</li> <li>• It helped to reduce the school absenteeism however it's quite a burden (for children as well as the caretaker) during long holidays.</li> </ul>
<b>Financial contribution</b>	Local Partner (ECCA along with Shanti Griha): 13%
	Unica : 87%
