

Project Completion Fact Sheet

PROJECT NAME	Solar Electrification in the Hostel for Disables
Location	Thirbam Sadak – 5, Kathmandu-3, Kathmandu
Partners' name	SERC Handicap Welfare Organization (Stichting Kumari in Holland)
Start date	April 2015
End date	May 2015
Project type / technique	Solar power
No. of beneficiaries	44 students (including 20 girls)
Project description	SERC School is a special school in Kathmandu, combining special education and rehabilitative therapies for children with disorders. As like other urban hubs of Nepal, Kathmandu is also hard-hit area by the power cut. The student who came from difficult physical and social condition, were also suffering a lot from the power cut. As Unica supported to install a Solar backup, this has given an opportunity to the student not only to do their homework but also help themselves with their evening moments.
Financial contribution	SERC Handicap Welfare Organization : n/a.
	Community : n/a.
	Unica : 100%
